

girlhood:

raising our little girls
to be healthy, happy
and heard

A live seminar with Maggie Dent

The early years of a little girl's life will
shape her future in powerful ways.

In her new book *Girlhood*, Maggie Dent,
Australia's queen of common-sense parenting,
has investigated the development period from birth to
age eight.

In this live presentation, Maggie draws on nearly 5,000
survey results plus the latest research, and her own
extensive experience as an educator, counsellor,
facilitator, mum and grandmother, to show us how to
help our girls build an emotional and psychological base
for life.
