

# girlhood:

raising our little girls  
to be healthy, happy  
and heard

A live seminar with Maggie Dent

The early years of a little girl's life will  
shape her future in powerful ways.

In her new book *Girlhood*, Maggie Dent,  
Australia's queen of common-sense parenting,  
has investigated the development period from birth to  
age eight.

In this live presentation, Maggie draws on nearly 5,000  
survey results plus the latest research, and her own  
extensive experience as an educator, counsellor,  
facilitator, mum and grandmother, to show us how to  
help our girls build an emotional and psychological base  
for life.

Saturday 3rd February
